I have 3 years of professional experience in the industry as a Full-Stack Developer. I have honed a strong understanding of various programming languages and frameworks, including C#/.Net, SQL Server, React and Angular, as well as underlying infrastructures such as AWS core technologies.

I consistently add value to the products and services I work on, and have honed my technical skills, communication and problem-solving abilities. I am comfortable interacting with clients and team members at all levels, and am self-sufficient in managing time and projects.

TECHNOLOGIES

- C# (ASP.NET Core Web)
- MSSQL & MySQL
- Javascript (ES6, ESX/TS)
- ReactJS & NextJS
- CSS, TailwindCSS
- Git & Terminal
- Docker
- AWS Core Services
